

Dear Parent/Carer

Year 8 Transition to Freman College

Freman College offer an early transition process for those students who are vulnerable and feel anxious about the change of school. We have identified a number of students that we think might benefit from the early transition process and they have already received a letter.

Early transition involves additional visits to Freman College and the opportunity to familiarise students with the staff and the site. We are fortunate that Edwinstree students are in a favourable position as they already attend lessons at Freman College; however, for some students there is further work to do to prepare them for the change.

If you feel that your child is anxious and would benefit from an early transition and a little more support, please complete the reply slip below and return to school.

Assuring you of our best intentions.

Yours sincerely

Jo Gant
Headteacher

Permission Slip – Please return to Mrs Gant by 29th March 2019

Name: _____ Class: _____

I give permission for my child to be part of the early transition process to Freman College.
