All pupils (except the one SEN pupil in maths shown above) who were underachieving at the end of year 6 have now reached the required standard. The SEN pupil is making very good progress.

During the 2014-2015 academic year, we have used the year 7 catch up funding to ensure that the identified pupils made the necessary progress. Funding was used to pay visiting Authors, one to one tuition and the data shows that these interventions have a positive impact on progress and attainment.

During the 2015-16 academic year, funding will be used for one to One tuition as we feel that this will have the most significant impact on the pupils.
