

Dear Parent/Carer

Parent Internet E-Safety Session – Friday 15th July 2016 at 4pm

In January 2016 we sent you a letter explaining the various ways in which the school is working to help protect your child when using the internet. We feel it is really important to work with parents on this matter and we hope that you managed to read your copy of Digital Parenting.

As part of the computing and PSHCEE curriculum, we look at some of the dangers of different aspects of the internet and how children can protect themselves. This year, pupils were informed about E-safety in two different sessions; they were also involved in practical examples of how to stay safe on the internet. We also highlighted the age restrictions for social media sites and applications.

You are invited to attend an introductory parent session on Internet Safety on Friday 15th July 2016 at 4pm at school. Please complete and return the reply slip below if you would like to attend.

Thank you for your support.

Yours sincerely

Mr T Galanides
Leader of Computing

Reply Slip – Internet E-Safety Session - 15th July 2016

Please return to Mr Galanides, Leader of Computing

Name of Child: _____ Tutor Group: _____

I would like to attend the Parent Internet E-Safety Session
