

ESA FUNDRAISING CAMPAIGN

2023

This year, the ESA are excited to be raising money for an Outdoor Classroom. The last few (Covid) years of being cooped up indoors wearing face masks have really taken its toll on many children. The school are now keen to encourage them to enjoy learning outside in a relaxed and unique environment.

OUTDOOR CLASSROOM

An outdoor classroom is a fun, healthy & practical solution.

We want to raise enough money to build a concrete base for a wooden classroom.

It would be a hexagonal structure approximately 6 meters in diameter, with open sides & benches that could fit around 30 children!

The science, art & humanities departments will benefit hugely from this type of area & it would be a calming space for our SEN children if required.

CAN YOU HELP US RAISE £10,000?

- Do you know any community funds that we may be able to apply for?
- Does your employer have a fund for helping local community groups like ours?
- Do you work for a large global business? They will most likely have a Social & Community Capital fund. Can you put us in touch?
- Make a donation. Donate to ESA bank account using reference **outdoor classroom. Edwinstree School Association 72600705, 55-5044.** campaign. Get in touch with us by email, facebook or join us in our next meeting!
