Purpose

At Edwinstree Middle School we recognise that every teacher is responsible and accountable for the progress and development of the pupils within their class. We believe that every pupil has individual and unique needs. We acknowledge that a proportion of pupils will have special educational needs and disabilities (SEND) at some time in their school career. Many of these pupils will require a range of support throughout their time in school, while others may need a little extra support for a short period to help them overcome more temporary needs. To ensure all pupils are to achieve their full potential, we must recognise pupils needs and plan accordingly. We are dedicated to providing all pupils with strategies for dealing with their needs in a supportive environment to give them meaningful access to the National Curriculum.

Aims

Following the SEND Code of Practice, we:

- Work in close partnership with our children and parents to raise ambitions, aspirations and expectations for all pupils with SEND.
- Identify and work hard to meet the needs of all our children maintaining a rigorous, consistent equality of opportunity and inclusion to all areas of the curriculum and school life.
- Ensure 'good practice' is followed within our High-Quality Teaching; ensuring many SEND needs can be met within class, teaching the class timetable.
- Regularly review the quality of teaching for all pupils, including those at risk of underachievement.
- Assess, plan, do and regularly review pupils' progress and needs.
- Ensure that we set high expectations and high standards of work and behaviour for all pupils.
- Enable every child to achieve their full potential through a broad, balanced, differentiated and interesting curriculum, including the requirements of the National Curriculum and life skills.
- Facilitate effective communication and co-operation between concerned parties i.e. pupils, parents, teaching assistants, education professionals and other agencies.
- Acknowledge the Special Educational Needs and Disabilities (SEND) of our pupils, monitor those needs rigorously and ensure that needs are met.
- Offer training to staff on a range of SEND issues.
- Ensure the process of initial application and/or supporting an application and review cycle for an EHCp using person-centred tools.
- Provide an inclusive environment for all children where success can be celebrated.

*I praise you because I am fearfully and wonderfully made;
your works are wonderful,
I know that full well. Psalm 130:13-14*
